ABOUT VEDANTA

Vedanta represents the collaborative genius of Architectural Designer Alexis Dornier and Naval Architect & Engineer Tresno Seery. Alexis's ability to harmonize nature with human functionality, paired with Tresno's commitment to creating high-performance, safe, and comfortable vessels, results in a long-awaited product for the Indonesian market. Vedanta is a 12m, 12 passenger, RHIB available for private charter and inter-island transfer.

WHY VEDANTA?

Alexis and Tresno crafted Vedanta specifically to navigate Indonesia's unique terrain with precision and ease. No other power boat on the market offers the same level of meticulous detail and design to navigate these waters.

With speeds exceeding 42 knots, shock-absorbing seating, and the Zipwake Dynamic Stability System, Vedanta ensures high-speed stability without sacrificing passenger comfort. The air-conditioned cabin, Fusion entertainment system, night vision, and marine toilet turn every journey into a first-class experience. Whether you're heading to the pristine waters of Nusa Lembongan, Penida, the Gilis, or venturing further to Komodo or Lombok, Vedanta brings Indonesia's most stunning destinations within reach.

WHAT WE OFFER

- Effortless Transfers
- Flexible Charters
- Exploratory Voyages

VEDANTA

SERVICES

Transfer

Skip the slow boats, Vedanta offers the fastest, most comfortable island transfers in Indonesia. Arrive quicker, smoother, and in style.

Half/Day Trip

Charter Vedanta for a 5 or 8-hour escape to remote beaches and hidden gems only accessible by sea, where adventure meets exclusivity.

Sunset Cruise

Drift into golden hour aboard Vedanta. A 2.5-hour sunset cruise blending ocean breeze, glowing skies, and unforgettable views.

Surf Strike Mission

Ride the swell with Vedanta. We'll take you straight to the best breaks whether it's a quick strike mission or a full-day surf adventure.

DESTINATIONS

Vedanta is your gateway to exploring the diverse and breathtaking destinations of Indonesia. With its impressive speed and agility, this vessel allows you to effortlessly navigate between hidden gems and iconic landmarks.

VEDANTA

THE FOUNDERS

World renowned architect Alexis Dornier partnered with Indonesia's leading boat builder, Outborn Watercraft, to design a vessel that combines speed, luxury, and comfort for seamless island-hopping in style.

ALEXIS DORNIER

Architectectural Designer

Alexis, a German-born designer, is known for innovative, sustainable designs in tropical settings. After studying in Berlin and working in New York, he moved to Bali. His projects blend modern aesthetics with local materials, covering villas, eco-resorts, community spaces, and boats, all emphasizing harmony with nature.

TRESNO SEERY

Naval Architect

Tresno is a naval architect known for designing efficient and innovative vessels. He combines technical skill with creative design, focusing on performance, safety, and sustainability. His projects often involve collaboration with leading architects and builders for diverse marine settings.
